

Dan..

At the time I had my own wellbeing and coaching business that was on the border of bankruptcy, had been plagued with partnership problems and lack of clear direction. I had become caught up in the business, was in a totally negative mind space by trying everything I knew and the lack of business and totally confused to make a decision of what to do next.

I thought that I had all the skills needed to run a business as I had been in the field for years and have had many coaches prior to this all claiming they had the answer to success!!

Then I met Dan!!

WOW – Dan literally has changed my life around and I have never looked back.

He gave me the strength and foresight to make a decision and embark on a journey over the last 12 months that has been like a dream come true. I went from losing over \$150 K in 2 years to now making over \$36,000 per month, all this in 12 months.

He has taught me how to bring out the best of me, get on my feet and smash the limiting beliefs out of my head forever.

I now have money in the bank, have been on 2 holidays, paid off all my debts and living the life that I love, my family is happy and I couldn't be more focused.

Through his support I have also undertaken an MBA at the prestigious Australian School of Business, created a new coaching business, have learnt skills that I never knew I even needed and most importantly Dan has set me free..

If you want to change your life forever, don't mind hard work and a no B/S approach to get to the core essence of what's stopping you from achieving your dreams, then DAN is the MAN!!!

My family and I are eternally grateful for your kindness and

professionalism and about delivering what you said you were going to do- I just didn't realize it was going to be this momentous.

Your friend and student – Nick Psaila
